9. School Canvas Pages

- a. Questions during last meeting
- b. Discussed with teachers, counselors, need more feedback
- c. Eric Price would like to have links to what students missed each day - he believes that parents can help students more if everything is available online- picture of worksheet if it is a paper worksheet - allows for computer to read the information to students (IEP, ML) - everything in business world is online
- d. Hilary Linton would like students to have to go to the teacher, life skill of asking teacher for help, problem solving - concerned that if everything is online students don't have to go to class
- e. Austin Howarth - info about what to do if student missing class, link to online assignment, worksheet
- f. Ashlee Pidcock - missing two days takes two weeks to make up work - template for each class so that the students know where to find information on every page
- g. Amberley Critchlow - students are scared to talk to certain teachers so having information online would be helpful
- h. Eric Price - could skyward assignments have more detail so students know exactly what the assignment is that they are missing
