PLAN FOR College AND Career READINESS 2022-2023
### Copper Mountain Middle School Counseling Center

**STUDENTS**
Students can come to the counseling center at any time to meet with their counselor or can request to see a counselor via coppermountain.jordandistrict.org/counseling-center. If the counselor is unavailable, students will sign-in and the counselor will follow up at their earliest availability.

**PARENTS**
Parents can see their student's counselor by calling, emailing, or visiting coppermountain.jordandistrict.org/counseling-center to schedule an appointment. Call the counseling center at 801-412-1262 or your counselor directly.

Counselors see students by last name as listed in Skyward.

WHY DO I HAVE A SCHOOL COUNSELOR?

Plan for College and Career Readiness Process

- Academic and Personal Goals
- Attendance Support
- College Entry Requirements
- College Prep & Career Options
- Course Selection
- Current Academic Progress
- Four-Year Planning
- Graduation Requirements
- Post-Secondary Options
- Scholarship Opportunities

Drop-Out Prevention with Social-Emotional Supports

- Concerns with Teachers/Classes
- Crisis Counseling
- Elementary Showcase
- Family
- Freshman Orientation
- Friends
- Grief and Loss
- Personal/Social Issues
- Social/Emotional Groups
- Suicidal Thoughts

Collaborative Classroom Instruction

- Career Exploration
- Career Week
- Character Education
- College Week
- Field Trips
- Goal Setting
- Job Shadow
- Multicultural Learning
- Reality Town
- Social Skills

5 STEPS FOR SUCCESS IN MIDDLE SCHOOL

1. Check your grades often.
2. Write things down and use a planning system.
3. Complete AND turn in your homework on time.
4. Talk to your teacher if you don’t understand something.
5. Keep your parents informed, especially with big projects!

FREE TUTORING
Tuesday, Wednesday, and Thursday
3:00 to 4:00 pm
Busing not available.

LUNCH SCHOOL
Catch up on schoolwork during lunch. Available Monday to Thursday.

Access Skyward

Go to skystu.jordan.k12.ut.us and enter your Login and Password.
Contact the Counseling Center if you need assistance in retrieving your log-in information.
Graduation requirements are a set of credit requirements that all students must pass and complete to receive a high school diploma. Jordan School District requires 27 credits to graduate from High School.

CREDITS BEGIN IN 9th GRADE!
It is critical that students earn all of the required credits each year in order to stay “on-track” to graduate. Students can earn 7.5 credits in 9th grade and 8 credits in grades 10-12.

---

**Jordan District Graduation Requirements**

- Language Arts 4.0
- Social Studies 3.5
- Mathematics 3.0
- Science 3.0
- Healthy Lifestyles 2.0
- Fine Arts 1.5
- Career & Technical Education 1.0
- Digital Studies 0.5
- Financial Literacy 0.5
- Elective 8.0

**TOTAL 27.0**

**College Preparatory Recommendations**

- Language Arts 4.0
- Social Studies 3.5
- **Mathematics 4.0**
- Science 3.0
- Healthy Lifestyles 2.0
- Fine Arts 1.5

- Digital Studies 0.5
- Financial Literacy 0.5
- World Language 2.0
- Elective 5.0

**TOTAL 27.0**

---

**High School Graduation**

Graduation requirements are a set of credit requirements that all students must pass and complete to receive a high school diploma. Jordan School District requires 27 credits to graduate from High School.
Options for Credit Recovery

CMMS CREDIT RECOVERY
Students can make-up failed classes during the school year with their current CMMS teacher for FREE. Students are required to complete an assigned packet and successfully pass a final test. Grades are changed after credit recovery has been completed.

UTAH STUDENTS CONNECT
Online classes are available for make-up credit through Jordan School District. Cost is $46.50/quarter credit. Enrollment is completed by your school counselor. Classes are available during the school year and in the summer.

BYU INDEPENDENT STUDY
is.byu.edu
1-800-914-8931
In addition to class fees, there is a $35 proctor fee for final exams if proctored by a teacher within Jordan District.

NORTHRIDGE LEARNING CENTER
northridgelearningcenter.com
801-776-4532
Cost is about $50 per packet. Final exams must be taken at Northridge Learning Center. Free tutoring is available for purchased packets. Make-Up Credit packets are only available for students that have taken a class and failed it. For students who have never taken a class before, a New Credit packet must be requested.

VALLEY SUMMER SCHOOL
valleyowls.org
(801) 572-7035
Summer school is for students who have failed classes.
- Each class earns .25 credit.
- Grades earned do not replace the original grade.
- Classes do not count toward early graduation.
- Students will be FAILED on the 2nd absence.
- Class work must be completed during the summer school session.
- No NG’s or I’s will be given.
- Students may sign up for a maximum of 5 classes per day.
Options to Maximize High School Academically

The majority of Utah’s high school students are opting for a rigorous 4-year high school experience. Graduation requirements are minimal requirements, so students may maximize their high school experience by:

- Taking honors classes
- Earning college credit while in high school
  - Advanced Placement classes
  - Concurrent Enrollment classes
- Taking advanced career and technical education (CTE) courses
  - Follow a CTE Pathway
  - CTE skills certification tests
- Graduating from high school with a 1-year certificate
- Participating in early college programs
  - Community College
  - Applied Technology Colleges (JATC)
- Earning the Utah Seal of Biliteracy
- Earning an International Baccalaureate (IB) Diploma
  - Recognized worldwide and is in addition to your high school diploma.
  - More info at: westjordanhigh.org
- Working for academic NCAA eligibility to compete/play at a Division I, II, or III college or University
If you qualify and follow the procedure below, this seal will appear on your transcript and diploma.

**REQUIREMENTS** UTAH SEAL OF BILITERACY

1. **ENGLISH PROFICIENCY**
   - A. Have an 18 or higher on your Junior year English or ACT Test.
   - OR
   - B. Have a composite of 5 on the WIDA Test.
   - OR
   - C. Score 75% or higher on the Utah state End-of-Year Test.

2. **SECOND LANGUAGE PROFICIENCY**
   - A. Achieve a proficiency of Intermediate-Mid (I-3, I-4, I-5) or higher on your second language.
   - AND
   - B. Students need to have this proficiency on three tests (speaking/listening, reading, and writing.)

**PROCEDURE**

1. For students grades 9 - 12.
2. Go to: worldlanguages.jordandistrict.org/secondary
3. Attach your English proficiency and second language proficiency scores to your application.
4. Give your application to your high school counselor by May 1.
5. Pins for your graduation robe are available for purchase - see your high school counselor.

Jordan Academy for Technology and Careers

JATC COURSES

High school applied technology centers offer half-day advanced skills training programs. You will have opportunities for hands-on learning experiences, including internships. Upon completion, students are prepared for employment or further education. Depending on the program you are interested in, you have the opportunity to take classes at the Jordan Academy for Technology and Careers (JATC) as early as 10th grade. Students interested in applying for a technical school should start planning with their school counselor during their 8th or 9th grade year.

For more information visit jordantech.org, attend the open house, or contact JATC at:

What is Financial Aid? Monetary assistance used to pay college costs based on financial need.

FAFSA: The Free Application for Federal Student Aid (FAFSA) is available for all students. Students should apply as a high school senior for FAFSA to qualify for assistance. All grants, loans, work-study and some scholarships require the FAFSA to be completed.

**GRANTS**
- What is it? A grant is money for college that you don’t have to pay back, as long as you maintain satisfactory academic progress. A grant is usually provided by the state or federal government.
- What do I need to know? Grants don’t have to be repaid. They’re based on financial need (determined by the FAFSA). One of the most common grants is the Federal Pell Grant. The maximum award is more than $6,000 per year. Ask the financial aid office at your college for more info about available grants.

**WORK-STUDY**
- Work-study is a part-time job for students that is usually on campus and has flexible hours that generally work around your class schedule.
- Work-study jobs are usually on campus and offer flexible hours. Work-study jobs come with financial aid benefits. They can give you work experience related to your college major (such as working in a chemistry lab, tutoring center, or campus business office).

**STUDENT LOANS**
- Student loans are money you borrow for college that you have to pay back—even if you don’t graduate.
- If you’re eligible to receive grants or take part in the work-study program, always use those funds first. Apply for as many scholarships as possible and use college savings before deciding to borrow student loans. Explore federal student loans first (through submitting your FAFSA), as they often have lower interest rates and more flexible repayment options compared to private loans.
A 529 plan is a tax-advantaged savings plan designed to encourage saving for a beneficiary’s future qualified higher education expenses.

Scholarships are a form of financial aid that does not need to be repaid. They usually refer to cash or tuition waiver awards based on academic merit, talents, volunteer service, leadership, financial need, and more.

Tips:
• Start looking now. It's never too early!
• Check with various organizations
  a. If you are affiliated with any organizations (member or volunteer), see if they offer scholarships.
• Track all you are doing: service/volunteer hours, awards, accomplishments, extracurricular activities, scholarships you've applied for, etc. A little bit of your time now can pay off big later!
WHERE TO START?

Sophomore Schedule Planner

Use the Scheduling Guide to make sure you:
• Schedule the right classes to meet graduation requirements
• Schedule the right level of classes for your academic success
• Have met any necessary prerequisites or recommendations.

Required 10th grade classes: Full Year Courses

Language Arts: Choose one of these classes
• Language Arts 10-grade level
• Language Arts 10 Honors

Math: Choose the next level following your 9th grade math class. Consider the following:
• Secondary Math 2
  o If you earned a D or lower in Secondary Math 1, talk to your counselor about scheduling an elective math lab to receive additional instruction and help with math concepts so you can be successful in Secondary Math 2.
• Secondary Math 2 Honors
  o If you are an A or strong B math student, challenge yourself and take the honors level

Science: Be careful in choosing your science class
• Biology or Biology Ag Science
  o If you took Earth Science in 9th grade, the next level of science is a Biology or Bio Ag science.
  o If you took Biology in 9th grade take Chemistry or Physics. Remember both of these science classes use math to do assignments. Be prepared to seek extra help during MAP, before and after school if needed.
  o You should be in Secondary Math 2 Honors to schedule Honors Chemistry or Honors Physics.

Social Studies: Choose one of these classes
• World History
• AP World History (Advanced Placement course) or AP European History
  o AP courses are taught at a college-level and therefore require more reading, writing assignments and daily homework. AP courses are college preparatory

Recommended courses to be taken in the 10th grade:
• Driver's Ed/Social Health: one semester (.5)
• Fitness for Life: one semester (.5)
• Consumer Health: one semester (.5)
• Digital Studies: one semester (.5)
